EXAMINATION PREPARATIONS

X-Ray / Dental Imaging

No appointment necessary.

X-rays do not require any special preparation. Metal objects such as watches, keys, coins and jewellery will show up on the x-ray affecting the images and therefore may need to be removed.

Ultrasound

If you have been referred for an Ultrasound Scan by your doctor, please contact Bookings on 02 8760 9100 and arrange an appointment.

- For upper abdomen studies (such as liver, spleen, gallbladder and pancreas) do not eat, drink or smoke for 6 hours before your appointment. Continue to take any medication.
- For lower abdomen studies (such as pelvis, pregnancy, kidney and prostate) you must have a full bladder at the time of the appointment.

Empty your bladder 1½ hours before your appointment and then drink 1litre of water, finishing 1 hour before your appointment time. **Do not empty your bladder after this.**

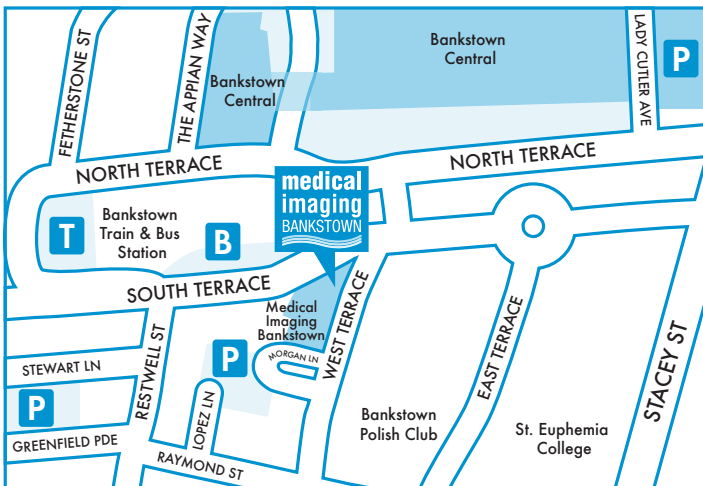

Generally, you will be most comfortable if you wear loose fitting clothing. You will need to remove clothing and jewellery in the area to be examined and will be provided with a gown to wear.

CT Scan

CT Brain/Neck/Chest/Abdomen/Pelvis

Nothing to eat 2 hours prior to examination.

Your doctor has recommended that you use Medical Imaging Bankstown. You may choose another provider but please discuss this with your doctor first.

258 South Terrace, Bankstown NSW 2200
